## Chinese Drywall Remediation

CJM Communities is currently Remediating Estate Homes in the Parkland Golf and Country Club Community.

CJM Communities is providing a solution to the defective (Chinese, tainted, reactive, corrosive) "DRYWALL" crisis that has affected homeowners all over the state.

CJM Communities works with both homeowners and investors in providing remediation services and will also assist your legal counsel by preserving the proper evidence needed for litigation.

CJM Communities only does a complete remediation which includes removal of all affected items including Drywall, Electrical Wiring, Low Voltage Wiring, Air Conditioning System, Insulation, Carpet, Trim, and Moldings. CJM will restore the home better than the existing condition for \$30 per square foot within 4 months guaranteed.

For more information on CJM Communities services, visit their website at [www.cjmcommunities.com](http://www.cjmcommunities.com)
